

DR. VIDHI SHAH MBBS, DNB (OBSTETRICS & GYNECOLOGY), MRCOG (UK), MRCPI (IRELAND), EBCOG (WRITTEN), DHA LICENCED, GMC REGISTERED.

Accomplished Obstetrician & Gynecologist with 8+ years of experience providing exceptional care in reproductive health and performing complex gynecologic and obstetric surgeries. Expertise in managing diverse women's health conditions, cosmetic gynecology, and patient education. Known for precision, patient-centered care, and contributions to professional knowledge through research and publications. Holds memberships in MRCOG (UK) and MRCPI (Ireland), with advanced training in intrauterine insemination and cosmetic gynecology. Eager to advance gynecologic care standards and promote women's wellness with a focus on both clinical excellence and compassionate support.

#### WORK EXPERIENCE

##### Consultant Obstetrician & Gynecologist

Professional Experience Saraswati Hospital, Sanchoe, Rajasthan December 2016 – Present

- Patient Care: Provided individualized treatment plans and compassionate care for patients with complex gynecologic and obstetric needs.
- Surgical Expertise: Performed over 100 major surgeries, including exploratory laparotomies, hysterectomies, tubal ligations, cesarean sections, and other obstetric interventions, demonstrating surgical precision and safety.
- Patient Education: Delivered educational sessions to patients on preventive health practices, self-examinations, and post-operative care, ensuring comprehensive wellness understanding.
- Diagnostic Evaluation: Assessed, diagnosed, and managed reproductive disorders such as endometriosis, ovarian cysts, and abnormal uterine bleeding.
- Emergency Response: Managed obstetric emergencies with swift decision-making, ensuring patient safety and successful outcomes in high-stress scenarios.
- Team Collaboration: Coordinated with multidisciplinary teams to ensure seamless patient management and optimal treatment pathways.
- Quality Assurance: Maintained high standards of care, continuously reviewing and improving clinical practices based on latest research and patient feedback.
- Record Maintenance: Diligently recorded patient progress, treatment plans, and outcomes to ensure compliance with regulatory standards and continuity of care.

Senior Resident, Obstetrics & Gynecology LG Municipal Hospital, Ahmedabad.

2016

- Clinical Care: Assisted in the management of diverse obstetric and gynecologic cases, providing hands-on support in high-volume environments.
- Patient Monitoring: Conducted detailed assessments, monitoring patients pre- and post-surgery for complications and overall recovery.
- Surgical Assistance: Supported senior consultants in various procedures, including caesarean sections and dilatation and curettage (D&C), to gain practical insights.
- Education & Training: Actively participated in educational sessions, contributing to the learning environment for residents and junior staff.
